DETAILED ACTION

This Action is responsive Applicant's Supplemental Appeal Brief filed Dec. 14, 2003 and Decision On Appeal by the Board of Patent Appeals (Appeal No. 2006-0411) filed Jan. 25, 2006.

Allowable Subject Matter

Claims 1-28 are allowable over the prior art of records.

The following is an examiner's statement of reasons for allowance:

Regarding claims 1, 8, 16 and 23, the closest prior art, Derzay et al. (U.S. Patent No. 6,434,572) does not teach the present invention of a method and system for providing a disclosure of the identification and execution of a standard or predefined service function associated with a service request (decision determined by the Board of Patent Appeals) to a medical diagnostic equipment or station in a combination as claimed by applicant.

Regarding claims 2-7, 9-15, 17-22 and 23-28, these set of claims respectively depend from claims 1, 8, 16 and 23, therefore, are also allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
